## DISCREDIT THE STORY.

Officials at Washington Don't Believe Chinese Recaptured Peking.

### EARL LI'S CREDENTIALS DOUBTED.

Japan Explains Why She Landed Troops at Amoy—No More United States Troops Will Be Sent to China.

Washington, Aug. 28.—No confirmation comes from any quarter of the report from Russian sources that the Chinese have recaptured Peking and the war department officials here discredit the story. They believe it is capable of examination, however, when read in the light of Minister Conger's statement that the allied generals had decided not to enter the imperial palace, and also in view of the press reports of the sudden abandonment by the American and Russian troops of the attack on the palace gates after capturing four out of the five of them. It is believed here that the allied generals adopted this course in order to prevent looting after having been convinced that the small palace guard, if indeed any guard remained, should not be regarded with apprehension. The imperial palace is known to be stored with the most magnificent treasures of Oriental art, many of them of the greatest antiquity and of priceless value and the loss to civilization, through the destruction or dispersion of these treasures would be so great as to make the military commanders extremely cautious in admitting any but the most tried and reliable troops within the walls. It is probable that the relaxation of the effort to force an entrance into the place gave rise in the belief that the allied forces had been repulsed and this was the basis of the report of the defeat of the allies.

The sufficiency of Li Hung Chang's credentials as a plenipotentiary to conclude a settlement with the powers on behalf of China is now a subject for active telegraphic negotiations among the powers. It was stated positively that so far the issue is still open. Some of the powers have taken the ground that Li no longer represents anything tangible; that the fleeing Chinese emperor and empress dowager are powerless to carry out any pledge; but none of them had, so far as can be learned upon inquiry here, finally decided this important question beyond recall.

In regard to the reported landing of Japanese troops at Amoy, the Japanese legation received a confirmatory telegram from Tokio to the effect that in view of the fact that Amoy has on account of its proximity to Formosa frequently served as the basis for evil designs upon the island, and that in addition to the burning of a Japanese temple, there have been riots against foreigners, the Japanese government considered it necessary to land a small force for the purpose of protecting their consulate and the foreign residents at that post.

Action was taken by the war department carrying out the recently announced policy of this government to send no more troops to China at present. An order was sent by the department to Kobe to divert the First United States cavalry to Manila instead of allowing it to proceed to Taku, according to the original orders.

General Chaffee cables that he has received nothing from the war department since August 14. News has come from China within that time and the fact that nothing has gone forward to Chaffee and without doubt Minister Conger is in the same state, goes to confirm the officials here in the conviction that the wires are being manipulated, probably by Chinese agents, between Chefoo and Shanghai, the cable connection.

August 27 a dispatch was received by the war department from General Chaffee stating that he had offered assistance to Baroness Von Ketteler, wife of the late German minister to China and would furnish her transportation to Nagasaki. This dispatch seems to indicate that Chaffee is in Peking and not in Tien Tsin as some have asserted. This dispatch is in answer to one sent the general by the war department August 17, the date information was received here of the fall of Peking.

### Where Is Li?

Washington, Aug. 28.—It is a singular fact that Li Hung Chang's whereabouts are not known here. At last accounts he was at Shanghai, not in the foreign quarter, but in the Chinese arsenal. Nothing has been heard from him by our government since August 19.

## CABINET MEETING.

Tampering With Telegrams Discussed. Li Hung Chang's Credentials.

Washington, Aug. 28.—The cabinet devoted most of its session to considering the difficulties that have been experienced in communicating with General Chaffee and the other American commanders in China. Internal evidence was found in the late dispatches received from them tending to demonstrate that some person or persons had been purposely delaying the messages coming from Peking and Tien Tsin to Washington. It is also suspected that our messages may have been injuriously tampered with.

The cabinet came to the conclusion that if any Chinese persons have interfered with the dispatches, it must have occurred between Chefoo and Shanghai and was determined to re-open direct communication by means of a war vessel. Either the New Orleans or Princeton, now at Shanghai, will be sent at once to Chefoo, where the military cable system begins free from Chinese interference.

Several replies have been received to the instructions sent to our ambassadors and ministers last week asking them to sound the governments to which they are accredited on two propositions—first, the willingness of those governments to accept the sufficiency of Li Hung Chang's credentials to treat with the powers for a settlement; and second, to ascertain if possible, what the future policy of each power is to be. Regarding the latter inquiry, the replies thus far have developed nothing.

With regard to the first inquiry, England and Russia are agreed that Li Hung Chang's credentials are sufficient. Germany, however, takes a firm stand against the sufficiency of his credentials and is the only power as yet which has returned a flat-footed dissension. The attitude of the United States is that his credentials appear authentic.

## PEACE PROMOTERS.

Harrison and Cleveland Asked to Serve on International Board.

Washington, Aug. 28.—The United States is one of the first of the nations to demonstrate its good faith in carrying out the provisions of the treaty of The Hague leading to the universal arbitration of international differences. Under this treaty each of the nations to it was authorized to appoint four members of an international board of arbitration.

Under this authority President McKinley has requested former Presidents Harrison and Cleveland to accept appointments on this board. Responses are expected very soon, when the remaining members may be selected.

## Misfortunes of Comrades.

Chicago, Aug. 28.—Charles Beckwith, marching with Sheridan post No. 4 of the Department of Michigan, dropped dead in the parade, from heart disease. William H. White, an old soldier of Eau Claire, Wis., went insane in central police station over the disappearance of his family. F. W. Hyatt, 60, a member of F. A. Jones post of Lincoln, Mo., was struck by a Lincoln avenue cable train and seriously injured. O. J. Martin of Shyllock, Mich., a member of A. Q. Williams post No. 40 was overcome by heat and removed to the hospital.

Abdill of General John C. Black's staff. The arriving party consisted of General Miles, Mrs. Miles, Sherman Miles and Colonel Milcher of General Miles' staff. They were driven to the Auditorium, where apartments had been reserved for their accommodation.

## BRAVE BOYS IN BLUE

Cheered by Multitudes While They Go Marching Through Chicago.

## GRAND PAGEANT OF PATRIOTISM.

With Tottering Steps But Hearts as High as Ever the Veterans Again Do Credit to Themselves And Their Country.

Chicago, Aug. 28.—Along streets filled with a cheering multitude past towering buildings gay with the glow of the Stars and Stripes, through arches of honor beneath suspended banners and swinging portraits of illustrious leaders who have passed beyond, 35,000 soldiers of the Grand Army of the Republic marched. It was their greatest parade since that day in 1865, when with ranks fresh from the triumphs of war they had marched from Pennsylvania avenue in Washington with their faces turned toward home.

A light breeze came off Lake Michigan strong enough to lift the banners out to the full length of their folds. Old soldiers from every state in the Union were in the march and throughout the length of the parade 7,000 posts of the Grand Army had representation.

The parade which started at the intersection of Randolph street and Michigan avenue was about five hours passing a given point. The line of march was short and from the start to the south end of the court of honor, where it disbanded after passing in review before Commander-in-Chief Shaw, it compassed 27 of the city squares. Even though the majority of the marchers were men of advanced years, the parade moved swiftly and without disorder. The columns came on 12 abreast well closed, solid and compact. The formations were almost invariably well kept.

The marching column was headed by a detachment of the city police under the command of Lieutenant Flynn. Behind them came a band of 70 pieces and then Chief Marshal J. H. Wood with his immediate staff, consisting of Colonel H. J. Dietrich, Colonel J. E. Stuart and Colonel C. E. Young. A regiment of assistant marshals and aides came clattering on, and then behind the great band of the Second Infantry of the Illinois National Guard came Commander-in-Chief Shaw and the members of his staff comprising Adjutant General Stewart, Quartermaster General J. E. Atkinson, Inspector General M. J. Cummings, Judge Advocate General Eli Torrence and Chief of Staff J. Cory Winans.

Ahead of the carriages containing Acting Governor Warder, Mayor Harrison and Executive Director Harper, who with Commander-in-Chief Shaw occupied the reviewing stand during the parade, marched Lafayette post No. 141 of New York, commanded by Allan C. Bakewell. Cheer after cheer went up as General Daniel E. Sickles, accompanied by his aides rode past the reviewing stand.

Twelve heralds in costume, each bearing a large trumpet came down the avenue announcing the approach of the pageant.

Fifty members of Columbia post of Chicago wearing handsome uniforms of dark green formed a hollow square in the center of which were borne 50 battleflags carried by New York regiments during the war. The spectacle of the worn and tattered flags was greeted at times with cheers and all hats were off as the flags went by. A long line of carriages followed the battleflags, each containing women who are officials of various organizations affiliated with the Grand Army. Among these were Mrs. Harriet J. Hodge, president of the Woman's Relief Corps, Mrs. Julia P. Schade president of the Ladies of the G. A. R., Mrs. Ada Johnson, president of the Army Nurses association and Mrs. Elizabeth Kimball, president of the Daughters of Veterans.

Close behind the carriages came three platoons of the members of Columbia post, acting as rear guard, while a score of veterans as a special escort marched beside the vehicles.

Bidwell Wilkeson post of Buffalo, which had the largest number of men of any organization that came from outside of Chicago and Cook county, made a fine appearance headed by the Buffalo military band of 50 pieces.

The Old Continental drum and bugle corps of New York city led Chapin post of New York, and both were heartily cheered.

Then came the Arion military band of Milwaukee, forming the vanguard of the various departments which marched under the leadership of their

department commanders, with Wisconsin at the right of the line.

As the old soldiers wheeled into the avenue the people went wild with enthusiasm. They cheered, waved their hats and cheered again. Then they stood as they had stood for the battered flags, with bared heads, as the veterans with their steps more halting than of old, but with hearts as high as ever, passed on to make the parade of 1900 what they had made many another march—a credit to themselves and an honor to their country.

## BRYAN IS PLEASED.

His Approval of Indorsement of Stevenson by the Populist.

Lincoln, Neb., Aug. 28.—Mr. Bryan expressed himself as highly gratified over the action of the Populist national committee at Chicago in indorsing the nomination of Mr. Stevenson for vice president. He said: "I am very glad that Mr. Stevenson has been indorsed by the Populists. He is thoroughly committed to the principles set forth in the Kansas City platform and deserves the support of all who believe in those principles. To have nominated any one else would have weakened the ticket. The Populist organization will profit rather than suffer by this evidence of its willingness to place the triumph of principles above partisanship."

## Political Pointers.

Chicago, Aug. 28.—J. G. Dickma, chairman of the state Republican committee of Michigan, stated at Republican national headquarters that he did not believe the published statements with regard to ex-Governor Pingree's defection from the Republican party. He stated that Pingree would not support Bryan and he believed he was loyal still to the Republican ticket in spite of published reports to the contrary. Senator Beveridge of Indiana will begin his speaking tour in Chicago September 25. He will continue through the northwest states. Senator Allison will also speak in Idaho and Colorado. Senator Dolliver will canvass principally his own state. Senator Cullom says he will confine his speechmaking principally, if not entirely, to Illinois.

## Stevenson Substituted.

Chicago, Aug. 28.—The Populist national committee accepted the declaration of Charles A. Towne as candidate for vice president, and Adlai E. Stevenson, the Democratic candidate for vice president was substituted. Chairman Marion Butler urged that the place be left blank.

## Hanna's Plans.

New York, Aug. 28.—Senator Hanna announced that he will leave Tuesday or Wednesday of next week for the west where he expects to remain to the end of the campaign. He said he might possibly return for a couple of days, but that will depend on the situation.

## Mystery Unsolved.

New York, Aug. 28.—Harold H. Stridiron of Chicago, who says he was shot twice by John H. Esson of the same city, in the Vendome hotel in this city, is still alive and conscious. Police Captain Burns, in whose precinct the tragedy occurred said: "I am puzzled by the fact that the revolver was thrown to the street inasmuch as the ambulance surgeon says Esson's death was instantaneous." The police theory is that there are two women in the case and that Esson was jealous of Stridiron.

## Chinese Emissaries.

San Francisco, Aug. 28.—Leung Kai Tin, a youthful looking Chinese, who claims to be the personal representative and emissary of the Chinese emperor Kwang Hsu, has arrived in the city, accompanied by two secretaries, Shum Moon and Wun Yum. The visitors have come to America, they say, on a mission which has for its object the enlargement of the reform movement among Chinese residents here.

## Swept by Fire.

## CONVENTION OF SUPREME LODGE.

Order Founded by Rathbone Continues to Grow in Membership And Enlarges Its Dispensation of Benevolence.

Detroit, Aug. 28.—Masonic temple appeared to be transformed into a temple of Pythianism. Several large gatherings of Pythians and brother orders were in progress simultaneously within the big structure. Chief of these were the opening meeting of the supreme lodge, K. of P., and of the supreme lodge of the Pythian Sisterhood. The initial meeting of the Order of Rathbone Sisters was postponed until Wednesday.

Supreme Chancellor Thomas G. Sample, of Allegheny, Pa., presided over the supreme lodge convention. In his biennial address he said the condition of the order throughout the domain is flourishing. December 31, 1898, the aggregate membership was 470,798; December 31, 1899, 491,672, showing a net increase of 21,589. Reports on gains and losses for the semi-annual term ending June 30, 1900, with 15 grand domains yet to hear from, indicate an aggregate membership of 508,500. He urged careful consideration of legislation for betterment of the Uniform Rank with the widest latitude in making making laws for its own government. The membership of the Endowment rank June 30, 1900, was 64,516, carrying \$113,840,000 endowment, and for the year ending June 30, 1900 the board of control paid out \$2,420,918.

In his report, R. L. C. Wright of Atlanta, supreme keeper of records and seals, gave the following: Total number of subordinate lodges December 31, 1899, 6,740. Total membership, 492,506; net gain during 1898 and 1899, 58 lodges and 21,237 members. Practically 90 per cent of the gain was in 1899. Illinois led in the gains, with Indiana and Ohio close seconds. Louisiana suffered a net loss of 782. Subordinate lodges have been organized in Hawaii, Alaska, Cuba and Quebec. There was expended for relief \$1,335,515.69, and grand domains had on hand December 1, 1899, \$1,835,451. Total assets of the grand domains, \$9,246,130. Lodges outside of grand domains expended for relief \$3,651.

The report of the supreme master of the exchequer shows a total of \$31,372 on hand June 30, 1900.

In the sixth biennial assembly of the Pythian Sisterhood, supreme lodge, the gavel was wielded by Mrs. H. P. Libbey of Portland, Me., supreme chancellor. In her address she said that Maine is the banner state in membership, having 2,223 members in eight assemblies. Ohio is second. Mrs. Libbey reported the question of admission of colored women to membership as having been disposed of by debarring colored women from taking the second degree after she had passed the first.

Mrs. George W. Adams of Haverhill, Mass., supreme keeper of records and seals of the Sisterhood reported that nine states have grand assemblies, seven of them under supervision of the supreme assembly. The present membership is given as nearly 7,000.

Mrs. L. A. Small of Farmington, N. H., mistress of exchequer, reported \$4,500 on hand, all bills paid and receipts for two years of \$3,300.

### "ASSASSINATION

Or Conspiracy to Do Murder" He Cannot  
Indorse, So This Republican Will  
Vote for Bryan and Beck-  
ham.

FRANKFORT, KY., August 27.—Colonel  
M. F. Athy, a life-long Republican of  
Owensboro, and who for many years was  
a federal office-holder in this State, has  
written to Clint Griffith, of this city, that  
he will vote for Bryan and Beckham. In  
his letter he says:

"I have renounced all allegiance to all  
foreign princes, monarchs, potentates,  
and especially to the so-called Republi-  
can party, of which I have been a sub-  
ject from the days of Lincoln down to a  
very recent date, and when the idea of  
November shall have rolled around I  
shall be found casting my vote for Bryan  
and Beckham. I can no longer affiliate  
with the gang who constitute the party  
of to-day. Being an American in every  
sense implied by the term, I cannot risk  
my ballot where imperialism is immin-  
ent. No more can I indorse assassina-  
tion or conspiracy to do murder. Hence  
I have proclaimed myself cut loose from  
the party, which, if not guilty, has failed  
before a jury of the country to establish  
its innocence, and my conscience will  
not for a moment permit me to remain  
with a party when such a charge has  
been preferred and sustained. We are  
together for once in our lives politically,  
and when you are here in November  
next we will march to the polls shoulder  
to shoulder and cast our suffrages for  
Bryan and Beckham."

### No Limit to Extortion by the Trusts.

[Philadelphia Ledger, Rep.]

The Standard Oil Company, which is  
the greatest of all the trusts, because it  
has a greater monopoly than any other,  
is declaring dividends this year at the  
rate of 48 per cent on its \$100,000,000 of  
common stock. The statement is enough  
to set one thinking. *If a successful trust  
can make money at this rate what limit can  
be put to its power of extension and extortion?*

## THE TEACHERS.

Interesting Discussions of Var-  
ious Topics at Tuesday's  
Session.

Reading, Spelling, Writing, Recitations  
and School Management the Sub-  
jects Considered.

The institute was called to order by  
Supt. Blatterman. After devotional ex-  
ercises, conducted by Rev. J. H. Moore,  
the subject Primary Reading was taken  
up and discussed under the following  
heads:

- (1) The word method;
- (2) The alphabet;
- (3) The use of objects in teaching;
- (4) Illustration of method;
- (5) How secure natural reading.

These topics were discussed by Mr.  
Martin, Miss Wood Mr. R. F. Gaither,  
Miss Reganstone and Mr. W. P. King, re-  
spectively.

The subject was then opened to volun-  
teers and Prof. Berry and Miss Cart-  
wright gave interesting talks.

The subject "Intermediate Reading"  
was discussed by Miss Hudson, Miss  
Murphy, Miss Cartwright, Mr. Souseley,  
Miss Kennan, Mr. Geo. Turnipseed, Mr.  
Hayes Thomas and Mr. Wm. Chandler.  
Their remarks were all instructive, but  
the one that impressed us most was  
Prof. Chandler's talk on definitions. He  
struck the key note when in his strong  
way he said, "Whatever your vocabulary,  
know the meaning of every word in it."

"Supplementary Reading Library and  
Magazines" was discussed by Messrs.  
Hicks, Kay and Wells.

Mr. G. H. Turnipseed introduced the  
subject of spelling. Mr. Berry made some  
radical but well supported statements in  
his remarks on spelling books. He would  
banish them from the school room. The  
general discussion was closed by Mr.  
Dickey, Miss Pollock and Mr. Slye.

By request of Mr. Reganstone, Prof.  
Rhoton talked at some length on "Spell-  
ing and the Spelling Book."

After a short recess, "Writing" was  
taken up, and the discussion was ren-  
dered additionally interesting by the re-  
marks on the fad (?) of vertical writing.  
Mr. Martin and Mr. Moore gave their  
method of teaching writing, after which  
Miss Cartwright introduced the topic of  
vertical writing. Miss Cartwright comes  
from Sedalia, Mo., where she has for  
three years taught the vertical system.  
She prefers the vertical system and along  
with its defects present its advantages  
in such a persuasive way as to almost  
convince you, whether you will or no.

As the subject was not thoroughly ex-  
hausted Prof. Rhoton took it up again  
in the afternoon and many points in favor  
of vertical writing were brought out.

One of the most interesting talks of  
the afternoon was made by Mr. Ragen-  
stine on the manner of conducting recita-  
tions. Mr. Ragenstine is one of the  
few public school teachers who is fear-  
less enough to say "I don't know" when  
he doesn't. That is one thing many of  
us have yet to learn.

Other subjects on school management  
were ably discussed by Messrs. J. F. Pol-  
litt, T. E. Cain and W. H. Hicks. This  
consumed the time till recess.

The last hour is devoted by Prof. Rho-  
ton to his class in Educational Psychol-  
ogy. This proves to be one of the most  
interesting features of the institute. It  
is an hour devoted to thinking. The  
thoughts of many bright minds clash and  
lend interest to the hour.

The following teachers have enrolled  
since last report: Miss Maggie Bean, W.  
R. Chandler, Hayes Thomas, and Misses  
Sallie Burrows, Sue Grant and Bessie  
Martin.

### WAS A JOCKEY

In His Younger Days—Old Times Recalled  
by the Accidental Death of  
John Taylor.

John Taylor, whose sudden death as  
the result of an accident last Saturday  
the BULLETIN mentioned Monday, came  
here many years ago from Virginia,  
where he was brought up on a planta-  
tion as a race rider. His owner was a  
great race horse man and John was  
taught to ride horses when he was five  
years old.

When races were run regularly on the  
old track in the bottoms above this city  
the old gentleman or some of his sons  
always brought their best horses. One  
season a son came and brought John  
along to ride. Colonel Stephen Morgan,  
one of the best known men of the county  
in his day, who died a few years ago, was a  
great patron of the turf and raiser of race  
stock. The Colonel, who was one of the  
most hospitable and agreeable men to be  
found, had the young Virginian to make  
his delightful country home his stopping  
place while here.

That season was a disastrous one for the

### The Contemplation of Style,

The style that is in our Clothing is a pleasure.  
It is absolutely correct. Each garment is dressy,  
well made and perfectly finished.

Men of every size can be fitted. Pocket books  
of any size can be suited.  
The material used is in the very latest color-  
ings and patterns and many of the designs are  
exclusive.

the prices are very low.

young scion of the Old Dominion family,  
as he lost from the start. Of course he  
got all the money he needed from  
Colonel Morgan, who was one of the  
most generous and liberal of men, but  
his proud Virginian blood would not per-  
mit him to leave indebted to his kind  
host for a cent, so he turned over his  
racers and the boy John to make good  
his losses.

After John became the property of  
Colonel Morgan he rode races for him  
and was then made manager of the  
place and was always the valued and  
trusted body servant of Colonel Morgan.

John had a great love and admiration  
for Virginians, and many years ago while  
Rev. Gilbert Mason, from the old State,  
lived and preached at Washington, Tay-  
lor joined the Baptist Church and was  
immersed by Mr. Mason.

It seems the very irony of fate that  
this man who had run such frequent  
risks with his neck at race riding, should  
at last, while engaged in ordinary farm  
work, have come to his death by having  
his neck broken.

The Glass Milk Jar Declared Dangerous to Public Health.

[Hoard's Dairyman.]  
The Milk Inspector of the city of Philadelphia claims that the use by milkmen of the individual glass jar, which has recently come into general use, is far more dangerous to the public health than was the old custom of dealing out the milk from the common tin can. It is stated as a fact that the authorities at the West Point Military Academy have forbidden the use of glass bottles or jars for the reason that some recent cases of fever among the cadets were traced directly to this mode of milk distribution.

The explanation of the phenomenon is that the glass jars are taken into all sorts of houses without regard to what diseases may exist there, and are redistributed the next day to different houses. Whenever a glass jar is taken into a house where there is infectious diseases, it is sure to be laden within and without by the germs of the disease, and the jar is equally sure not to be sterilized. Water sufficiently hot to kill the germs cannot be used to cleanse the jars without too great danger of breakage. The consequence, it is alleged, is that as the fact the jars are hardly ever sufficiently sterilized.

# You Can Save \$4.00 Now

On every bundle of AMERICAN WOVEN WIRE FIELD FENCE bought of us. We are receiving another large shipment of these goods, for which we are the sole agents in this locality, and are actually in a position to name figures that will save you the above amount on each bundle purchased. Compare these quotations with former prices and you will readily perceive the truth of this assertion. We are enabled to make this offer on a CASH basis only, and give notice that for every charge 5 cents per rod extra will be asked. The "American" is undoubtedly the cheapest, neatest and most durable fence on the market, and prospective purchasers will do well to take advantage of this offer while it lasts.

Every rod of this fence is guaranteed by the manufacturers, and of the vast quantities we have sold to the farmers of this and neighboring counties, we have yet to hear of the first instance in which it failed to give entire satisfaction.

Whether used as a stock fence, a hog fence or a division fence in towns and villages, it is equally handsome and inexpensive.
